Photo Contest in support of Study Abroad

#### Photo Contest Rules

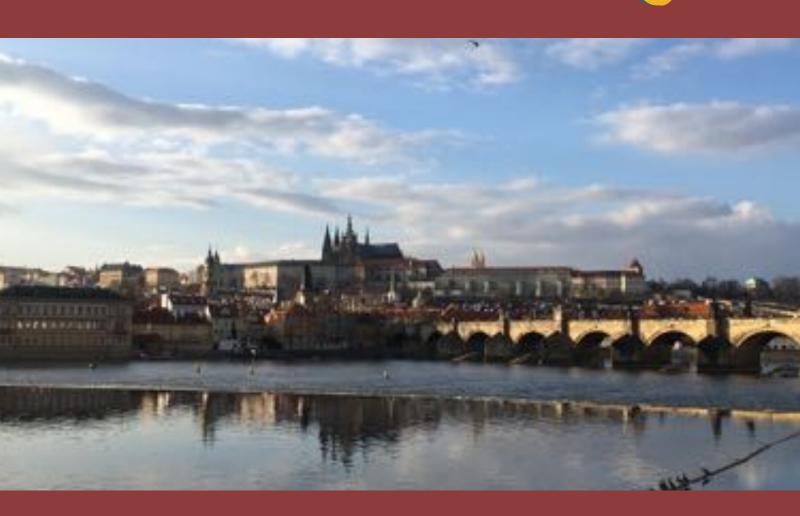

- Make sure you are following @mcomeagles on Instagram.
- We will post a photo for each day the contest is active.
- Think you know what country is shown in the photo? Tell us! Comment your guess on the Instagram post.
- Each correct guess counts as one entry for a prize at the end of the contest!

Some students choose not to study abroad because they do not know another language. Have no fear! Winthrop's partner programs offer all classes in English.

You can study abroad AND graduate on time! The Department of Mass Communication offers timelines for students to better coordinate study abroad with their course schedule.

Studying abroad with the
Department of Mass
Communication means that you
can experience cultures in Norway,
Sweden, Ireland, England,
Australia, or Spain!

You can complete an internship abroad for academic credit.

It looks great on your resume and helps expand your knowledge of the international workforce.

# Congratulations.

Shealy Long @sheals3
